

# City of Fayette Social Media Policy

## I. Purpose

This policy sets forth guidelines for the establishment and use by the City of Fayette of social media sites as a means of conveying City of Fayette information to the public. The intended purpose behind the use of City of Fayette social media sites is to disseminate information from the City to residents, businesses, and visitors about the City in a professional, civil and unbiased manner. The City may or may not reply to comments or posts pursuant to the terms of this policy. The City's social media sites are not intended to replace traditional venues for public comments, discussion, and exchange of ideas as provided for at City Council meetings, Town Halls, or other official public meetings of the City Council. Whenever possible questions or comments should be directed to appropriate City staff or presented at City Council meetings.

The City of Fayette has an overriding interest and expectation in deciding what is "spoken" on behalf of the City on official City social media sites. For the purposes of this policy, social media means any facility for online publication and commentary, including without limitation blogs, wikis, content hosting sites such as Flickr and YouTube, and social networking sites such as Facebook, LinkedIn, Twitter, Pinterest. This policy is in addition to and complements any existing or future City of Fayette policies affected by or related to this policy.

## II. Overview

The City of Fayette's official website, located at [www.fayetteiowa.com](http://www.fayetteiowa.com), will remain the City's primary online source for communicating information to the public, however the City sees a business need to use social media websites as additional communication channels to help promote its programs, events, services, and to represent itself appropriately and consistently on the Internet. Social media technology allows news of an event to spread quickly and is a good forum to facilitate public discussion.

A social media presence is yet another way government can communicate to the broadest possible audience of those it serves and also provide its residents the ability to communicate with their government pursuant to the terms of this policy.

## III. General Procedures

1. The City of Fayette intends to use social media as follows:
  - a. To supplement information from other City communication sources, such as the website and draw more eyes back to those communication sources;
  - b. To help promote local events, activities, programs and news conducted by the City of Fayette, non-profit organizations, societies and businesses as determined by the City Administrator/Clerk and/or the Police Chief;
  - c. To disseminate time sensitive information as quickly as possible (i.e. emergency information);
  - d. To facilitate two-way communication, promote transparency and social engagement in government; and
  - e. To broadcast the City's messages to the widest possible audience.
2. The City Administrator/Clerk and/or the Police Chief shall be responsible for the City's primary social media pages.
3. Any department requiring consistent and frequent social communications may be asked to start its own site(s) and to provide staff to maintain it with the approval by the City Administrator/Clerk and/or the Police Chief. Each department will be responsible for the content and upkeep of any social media sites the department may create.

4. Elected officials; appointed members of City Boards, Commissions and Committees, Volunteers; and employees must comply with the guidelines outlined in this document.
5. Employees representing the City of Fayette on the City's social media sites must conduct themselves professionally and in accordance with this policy at all times as representatives of the City.

#### **IV. Standards for Operating and Maintaining a Social Media Presence**

The City of Fayette's social media accounts and their associated content should focus on significant City interest areas and be organized in a manner that avoids ambiguities and/or conflicting information across the City's various communication mediums, including other City social media websites. Departments' administration and use of City social media website must comply with applicable laws, regulations and policies, as well as proper business etiquette. The City's social media sites are subject to the Iowa open records laws, and any articles or content posted on such sites are subject to public disclosure.

All City of Fayette's social media pages will adhere to the content standards below:

- Any City of Fayette social media sites shall make clear that they are maintained by the City of Fayette and that they follow any policies or rules established by the City. Any social media sites related to the City but maintained by private parties or individuals shall be considered unofficial sites and not under the immediate direction or control of the City.
- Social media website are to be consistently branded in order to communicate a clear association with the City, and must contain a Disclaimer and Comments Policy as set forth below. Branding may include, but is not limited to, the inclusion of the City logo excluding Police, Fire and Ambulance, city department information (address, phone number, and hours of operation) and any other aesthetic "look and feel" defined by the City Administrator/Clerk and/or the Police Chief now or in the future.
- The City has a "page" in Facebook, not a "group." Facebook pages offer distinct advantages, including greater visibility, customization, and measurability.
- The City Administrator/Clerk and/or the Police Chief may standardize and provide all City Facebook page displays to include the City logo(s) and other pertinent information.
- Any City Facebook page will be based on a template that includes consistent City branding and style. The City Administrator/Clerk and/or the Police Chief may provide departments/divisions with the template.
- Facebook is more casual than most other communication tools but still represents the City at all times. Utilize jargon, abbreviations, hashtags and social media tags in an appropriate manner.
- An application shall not be used unless it serves a business purpose, adds to the user experience, comes from a trusted source and is approved by the City Administrator/Clerk and/or the Police Chief or designee.
- All City sponsored social media sites shall prominently post the Disclaimer and Comments Policy found in Appendix A. In situations where a social media site does not allow for the prominent posting of the Disclaimer and Comments Policy, a link to a PDF copy of the Disclaimer and Comments Policy shall be posted instead.

- Posts and monitoring shall be done during office hours, with the exception of emergency situations and all comments or questions shall be responded to in a timely manner within those parameters.
- AFTER HOURS: In the event of an emergency need for an after hours posting, communications staff shall be contacted to post information on the City's website and/or social media.
- The City's official website shall remain the City's primary online medium for communicating information to the public, with the exception of emergency communication efforts, events, postings about City functions and other social media engagement posts. Any City information or content that is posted exclusively to social media websites should, if necessary, contain links directing users back to the City's official website for in depth information, forms, documents, or online services necessary to conduct business with the City of Fayette.

## **V. Interacting on Social Media**

The City of Fayette social media sites may "like", "follow" or "share" government entities; nonprofit and nonpartisan organizations related to City functions; local media sites; local businesses; and elected officials. Posts or comments related to the City and the community at large may be shared to the extent that they correspond with the City's social media goals. The City reserves the right to withdraw from any groups, pages, or change its affiliation in any manner. Users of all City social media shall adhere to applicable federal, state and local laws, regulations and policies.

## **VI. Accuracy and Timeliness**

The City of Fayette will make every effort to ensure the accuracy of the information provided on its social media pages. However, several factors that are beyond the City's control (including unauthorized modification of electronic data, transmission errors, browser incompatibilities, information that has been cached on the local computer or storage device, or other aspects of electronic communication in an evolving and time sensitive environment) can affect the quality of the information displayed on the site. For that reason, the City does not guarantee the accuracy of the information provided on its social media page and is not liable for reliance on this information.

The City's timeliness about posts and responses to comments may also vary based on staff availability. Therefore, a disclaimer shall be posted on any social media site, stating:

*This social media page is intended to get information out to a wide number of people quickly, not as an in depth or complete source of information, but as an evolving supplement to the City of Fayette's website ([www.fayetteiowa.com](http://www.fayetteiowa.com)), press releases, and in person communications. Staff will most likely post or respond to comments within office hours and within the varying perimeters of staff availability. For these reasons, staff may not respond to every comment or question posted on the social media site.*

*THIS INFORMATION IS PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT. THE CITY OF FAYETTE ASSUMES NO RESPONSIBILITY FOR ERRORS OR OMISSIONS IN THIS PUBLICATION OR OTHER DOCUMENTS WHICH ARE REFERENCED BY OR LINKED TO THIS WEBSITE. IN NO EVENT SHALL THE CITY OF FAYETTE BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES OF ANY KIND, OR ANY DAMAGES WHATSOEVER, INCLUDING, WITHOUT LIMITATION, THOSE RESULTING FROM LOSS OF USE, DATA OR PROFITS, WHETHER OR NOT ADVISED OF THE POSSIBILITY OF DAMAGE, AND ON ANY THEORY OF LIABILITY, ARISING OUT OF OR IN CONNECTION WITH THE USE OF THIS INFORMATION. THIS PUBLICATION COULD INCLUDE TECHNICAL OR OTHER INACCURACIES OR TYPOGRAPHICAL ERRORS. CHANGES ARE PERIODICALLY ADDED TO THE INFORMATION HEREIN; THESE CHANGES WILL BE INCORPORATED IN NEW EDITIONS. THE CITY OF FAYETTE MAY MAKE IMPROVEMENTS AND/OR CHANGES IN THE INFORMATION AND/OR DOCUMENT(S) DESCRIBED ON THIS WEBSITE AT ANY TIME.*

## **VII. Responding to Comments**

In cases where comments are accepted, the staff member responsible for the page MUST monitor the site regularly and respond in a timely manner.

Guidance on When/How to Respond to Comments:

- If the person has a question - Respond with information or point them back to the City's website or other resource. You may ask them to contact you offline when appropriate (when it is a private issue, when the issue is one in which there is little or no interest by others, when it is a lengthy response, etc.)
- If the person has a complaint – If inaccurate, politely correct inaccuracies. When a general complaint, thank them for sharing feedback and give any other direction that may be needed. If it is regarding a personal matter, reply that you would like to address the issue offline and provide contact information.
- If the person leaves a general comment, like “Wow, this is cool” or “Can’t wait”, no response is required.
- If the person wants to start debating with a City employee – Take the conversation offline. Do not debate them on the site. It is ok to correct inaccuracies and to provide evidence to support information, but avoid debates.
- Staff discretion on responding to post that may be considered passive aggressive, antagonistic, posts previously answered or posts that have multiple comments that needs addressed. You may choose to respond or no response required depending the nature of the posts.

When in doubt on how to respond to a comment, please contact the City Administrator/Clerk and/or the Police Chief for guidance.

## **VIII. Removing Comments**

Comments violating the City's Disclaimer and Comments Policy shall be removed promptly. When a person's comment is removed, the City should try to post a reason for removing the post (i.e. “A comment to this post was removed because it endorsed a political candidate. This is in violation of the City's comment policy (link to policy)”). Removed comments should be archived for our records by completing the tracking form found in Appendix B and submitting it to the City Administrator/Clerk and/or the Police Chief. The City reserves the right to restrict or remove any content deemed in violation of this social media policy or any applicable law. Repeat individual violators may be removed or blocked from commenting on City social media sites.

## **IX. Correcting Mistakes**

If an employee makes a factual mistake on a City social media site, he/she should correct it as soon as possible. Corrections should be upfront and timely. If modifying an earlier post, make it clear that the post has been corrected. Designate corrections with “Fixed Link” or “Fact Correction” prior to the correction. Do not try to “hide” corrections, as someone may have seen the incorrect information and may be acting upon it.

## **X. Review Procedures**

The City Administrator/Clerk and/or the Police Chief will have access to all City sponsored social media sites, including rights to edit a site. Each site will be monitored monthly to ensure the site is meeting its intended purpose, that it is being updated regularly, that the content is appropriate and to look for any possible problem that would reflect negatively on the City.

## **XI. Employee Conduct**

All City employees have a responsibility to help communicate accurate and timely information to the public in a professional manner. When using social media, City employees must follow all policies outlined here and in the Employee Handbook.

Employees designated to participate in social media are expected to follow these principles:

- Postings shall be related to that department's specific function and subject matter expertise.
- Postings shall be factual, respectful, and on-point. They should not be off topic, or offensive.
- Employees must notify the City Administrator/Clerk and/or the Police Chief of any media contacts received related to their posts. Further, under no circumstances shall non-department head personnel comment to reporters regarding matters of City policy, opinion, or interpretation.
- City social media sites or equipment may not be used by staff as a platform to share personal opinions or for political purposes, private business or charitable activities, commercial or personal transactions, or for any other purpose prohibited by law. City social media sites may be used to help promote any local businesses, non-profits, charitable or commercial local events, activities, programs and news at the discretion of the City Administrator/Clerk and/or Police Chief.
- City Staff may acknowledge sponsorships, partnerships or thank you's to organizations, businesses or residents.
- Replies to individual constituent inquiries received via social media sites must be retained per the City's record retention schedule.

Failure to abide by policies established for use of social media or participation in any activity deemed inappropriate may result in the loss of access privileges. As with any policy, violation may also result in disciplinary action up to and including termination.

## **XII. Employees' Personal Social Media Pages**

The line between personal and professional, public and private can be easily blurred in social media. The following guidelines, in addition to those guidelines in the Employee Handbook, must be followed when using a personal social media account:

- Personal social media account names by employees should not be tied to the City except for page management of the City site. Additionally, staff should not use their personal social media accounts to speak on behalf of the City.

- Employees with personal social media accounts never have the right to post non-public and confidential information such as information related to co-workers, personnel data, medical information, and claims or lawsuits against the City.
- When responding to an item on the City's page or on any other page, ask yourself if you or your department would be embarrassed to see the comment appear in the news. If so, don't post it.

Employees must take great care to make it clear that their personal opinions are their own and do not represent the official policy position of the City. It is important for employees to remember that their personal communications may reflect on the City, especially if they are commenting on City business, supervisors, or policies. The following guidelines apply to personal communications including various forms of social media, letters to the editor of newspapers, personal endorsements, email, City correspondence, newsletters, and cable television.

- All City employees are expected to actively protect any information considered private or protected under Data Privacy and HIPPA Compliance laws. (Questions should be directed to the City Administrator/Clerk and/or the Police Chief.)
- Employees shall not comment on social media postings unless it's in a positive statement. Employees can like and share events and postings to promote the City.
- Employees shall be truthful, courteous and respectful toward supervisors, coworkers, citizens, customers and other persons associated with the City. Employees shall not engage in name-calling or personal attacks.
- Employees shall not post anything with content that violates the City's Disclaimer and Comment Policy.

**XIII. Elected officials and Officials Appointed to City Boards, Commissions and Committees:**

- Elected officials shall not use official City social media sites for campaigning purposes.
- Elected officials shall not post comments or links to any content that endorses or opposes political candidates or ballot propositions, including links to an elected official's campaign site.
- All comments posted during an election season by anyone who has filed for office will be removed.
- Elected officials should be mindful of the risks of electronic communication in relation to the Open Meeting Law; two way communications between elected officials should be strictly avoided. Adding to a post or comment that would create a quorum of the group you represent should also be strictly avoided. (If the comment or posting requires official review it should be handled before the group during a public meeting.)
- Elected officials should not use social media as a mechanism for conducting official City business other than to informally communicate with the public.
- Elected officials should reveal that they are elected officials for the City if/when making a post and be honest, straightforward, and respectful.

- Elected officials should be sure that efforts to be honest do not result in sharing non-public information related to coworkers, personnel data, medical information, claims or lawsuits, or other non-public or confidential information.
- Elected officials should add value to any social media discussion by staying focused on the issue.
- To help prevent errors and liability issues, officials are encouraged to ask the appropriate staff person or department to post official City documents (i.e., an ordinance recently passed by the City Council), rather than summarizing them from memory.
- If an elected official makes a mistake, it should be corrected as soon as the official is made aware of the error. Corrections should be upfront and as timely as possible. If you modify an earlier post, make it clear the posting has been corrected. Consider designating corrections with “Fixed link” or “Fact correction” prior to the correction.
- Elected officials who are contacted by the media on a topic of official City business should contact the City Administrator/Clerk and/or the Police Chief for direction.
- Elected officials shall not post anything with content that violates the City’s Disclaimer and Comment Policy.
