

I would be interested in free tree seedlings!

The Fayette City Tree Board is considering submitting an application for the free tree seedlings program through the Iowa DNR. Fayette is still eligible to receive the free seedlings for residents within city limits, but we can only submit one application. If you are interested in getting 11-20" or 21-30" tall seedlings, please sign up here and let us know what you want. We can order in increments of 25 up to 200 seedlings. There are many kinds of trees available, but if we submit it will be for spring delivery. To see what is available for spring go to

<https://nursery.iowadnr.gov/spring-delivery.html>

Will kids be helping you plant the seedlings? The application would like to know this information!

Name	Address	Phone number	Number of Seedlings	Kind of Seedlings	Any Kids	Age of kids

Please return to Jeff Butikofer, butikoferj@uiu.edu, Chair of the Fayette City Tree Board
